

...from the cedar of
Lebanon to the
hyssop that grows
out of walls...

**Cedrus libani &
Hyssopus officinalis**

hundred cubits long, fifty wide and thirty high,

180 x 90 x 54

with four rows of cedar columns
supporting trimmed cedar beams.

cedar cuttings / prunings / branches

It was roofed with cedar above the beams
that rested on the columns —

forty-five beams, fifteen to a row.

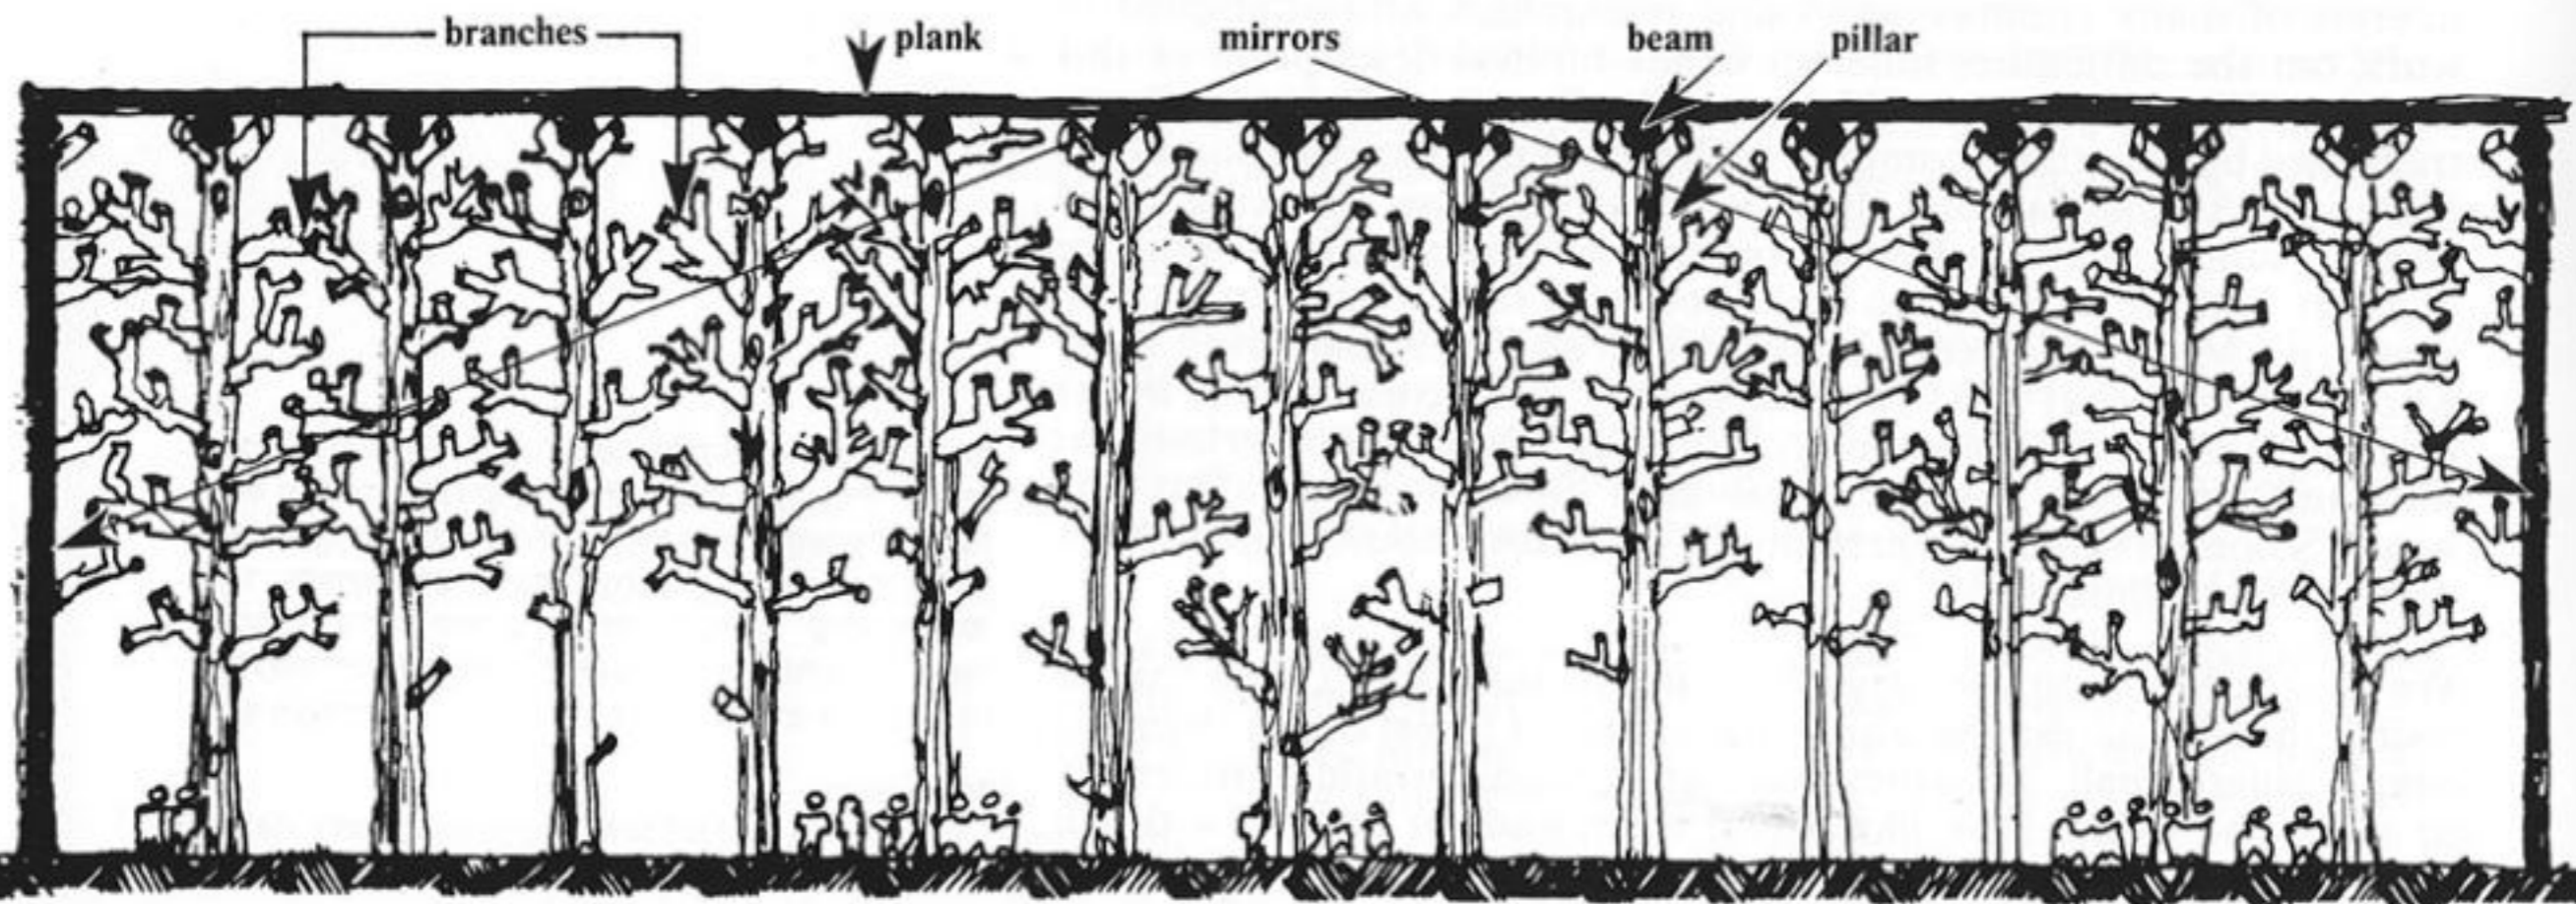

Its windows were placed high in sets of three, facing each other.

clerestory above / "seeing"

All the doorways had rectangular frames;

they were in the front part in sets of three, facing each other.

Hyssopus officinalis

121 Labiatae.

511. *Hyssopus officinalis* L.

Gebrauchlicher Hyssop.

To purify the house he is to take two birds and some cedar wood, scarlet yarn and hyssop. He shall kill one of the birds over fresh water in a clay pot. Then he is to take the cedar wood, the hyssop, the scarlet yarn and the live bird, dip them into the blood of the dead bird and the fresh water, and sprinkle the house seven times. He shall purify the house with the bird's blood, the fresh water, the live bird, the cedar wood, the hyssop and the scarlet yarn. Then he is to release the live bird in the open fields outside the town. In this way he will make atonement for the house, and it will be clean.
